

FEAR AGED MAN, MISSING 3 DAYS, MAY HAVE DIED

The grim search for Quinton H. Riddle, 83-year-old E. Middle St. resident who has been missing since Wednesday night, continued today.

Police, who had been hoping to receive word that he had been located in some nearby city, after hitch-hiking there, today were less confident of that result and instead hoped that hunters, traveling through fields of the county, might turn up some evidence concerning the lost man.

Members of the family said Friday they had about given up hope that he is alive, expressing the fear that he may have been hit by a car in the rain late Wednesday night or early Thursday morning and be hidden by underbrush off the road, or that he may have been overcome by exhaustion and exposure and crawled into some culvert or other shelter and died.

Factory Workers, Women Help
More than 100 took part in a thorough search of the town and surrounding countryside Friday afternoon during a 2½ hour period, then most quit the search because "there was no place else to look."

The Gettysburg Furniture factories turned their employees into a searching party for the northeast section of the town and surrounding area. College students searched the brickyard area.

A group of women searched through the area from Zeigler's Woods to the Recreation Field and throughout the Recreation Field area.

Intensive Search Made
Gettysburg Firemen and other volunteers traveling with them searched over about a five-mile radius around the community covering every field and outbuilding.

The search which had started out south of town continued on into other sections when a report was received that Mr. Riddle had been seen going north at Water St. about 12:20 o'clock Thursday morning. He had been seen previous to that hour on Baltimore St., headed south.

The elderly man left his room at the home of Russell Numeaker, E. Middle St., on Wednesday night at about 11 o'clock. He has been missing since that time.

His children remained here throughout Friday awaiting the results of the search.

Win Nobel Peace Awards

Albert Schweitzer, left, and Gen. George C. Marshall, right, were named winners of Nobel Peace prizes by the Norwegian Nobel Institute at Oslo. Schweitzer, Alsatian humanist and medical missionary, won the previously unawarded 1952 prize. Gen. Marshall, former U. S. Secretary of State, was given the 1953 award.

Gen. George C. Marshall Given Nobel Peace Prize For 1953; Award For '52 To Schweitzer

OSLO (AP)—Gen. George C. Marshall, symbol of American generosity to a war-torn world, has been awarded the 1953 Nobel peace prize. The 1952 prize—not given out last year—went to Albert Schweitzer, world-famous philosopher, musician and missionary.

The awards were announced last night by the Norwegian Nobel Institute. The five-member selection board, following tradition, assigned no reason for its choices.

The prizes were set up under the will of Alfred Nobel, Swedish inventor of dynamite. He specified that the peace award should go to the candidate "who has worked the most for the promotion of brotherhood among people, and for the abolition or reduction of the standing armies, and for the establishment and spread of peace congresses."

Was Secretary Of State
Marshall, now 72, sprang into world fame as army chief of staff during World War II. As secretary of state he later was instrumental in organizing a 17 billion dollar aid campaign to restore the economies of Europe.

In a statement issued at his winter home in Pinehurst, N. C., where he is convalescing from a flu attack, Marshall said "This award is a great distinction and honor for which I am deeply grateful."

At the White House, President Eisenhower was described as delighted over the honor to Marshall, his wartime boss.

"Excellent Choices"
Dr. Ralph Bunche, who won the 1950 peace prize for his work as a United Nations mediator in the Palestine war, declared both Marshall and Schweitzer were "excellent choices and highly merit the award." Bunche was the 11th and last previous American to win the prize.

Gen. Marshall held the top post

"Skoshi", Button-Eyed Little Korean, Is "Thrilled" With A Package From Gettysburg Friend

"Skoshi", an intelligent, button-eyed, 12-year-old Korean houseboy whose main likes are Hopalong Cassidy and GI spam, thinks Gettysburg must be the most wonderful place in the world to live.

This impression was recently received in a letter to a local resident whose close bond of friendship with the oriental wall began two years ago in the war-torn, tin-palace town of Yong Duk Po.

At that time the American was serving as an infantryman with the 45th "Thunderbird" Division and Lee Shang Joon, dubbed "Skoshi" (Japanese for "Little") by his buddies, was a Jack-of-all-trades and general errand boy attached to Division headquarters.

Willing Helper
If your rifle was clogged with dirt after a long haul over dusty Korean roads—Skoshi would clean it for you. If your canteen was empty—Skoshi would fill it. If you needed an interpreter on a souvenir trek about the city the quick-witted, English-speaking lad could always get it for you wholesale. He was the scourge of the Korean merchant "sharpies," and a trusted friend of his GI companions.

Sometime ago the Gettysburg resident related to the States and was released from Army duty. He mailed a package of cheap clothing and

a few items of foodstuffs to the boy and then promptly forgot the matter.

Reds Killed Father
Several days ago Lee Chang Joon—through the medium of a co-operative American soldier—expressed his own and his widowed mother's "thanks" in a simple and heart-felt manner. Lee's father, a ROK Army soldier, was killed by

"Borrowed" Second Car Here By Mistake

The unfamiliarity of a Biglerville man with the car he had borrowed led Gettysburg borough police on a search for a car thief Friday afternoon.

Mrs. Luther Koons, Railroad St., reported to borough police at 4:05 o'clock that her car had been stolen from Lincoln Square. While police were searching they received a call from a Biglerville man concerning the whereabouts of his own car. He had borrowed an auto to come to Gettysburg, he said, parked it on the square, and when he returned took what he thought was the same car back to Biglerville. He discovered there he had the wrong vehicle.

Investigation showed he had removed Mrs. Koon's car and the one he borrowed was parked on Lincoln Square here.

The two hours of recorded music, designed particularly for women listeners, will extend from 9 to 11 a.m. Monday through Friday.

Baker also announced a new contest being conducted by the station in which ten \$75 Wakmann men's or women's wrist watches will be given to the writers of the best 25-word statements on "Why the 1450 Kc. Spot on the Radio Dial is the Best Spot To Tune To."

Ex-Paratrooper Downed By Polio

Harold Speck, 23-year-old former paratrooper, was removed from his home in York Springs Friday to the Harrisburg hospital suffering from polio.

The father of a seven-week-old daughter, Speck, who is a mechanic in a Mechanicsburg garage, had recently completed three years of service with the paratroopers. He has been ill for about a week. On Thursday his illness became worse and on Friday he was suffering from "weakness of back, right arm and both legs," physicians said.

He was removed first from his home in the Harold Myers Apartments, at York Springs to the Warner Hospital by ambulance and then was transferred to the polio ward at the Harrisburg Hospital.

3 BURGLARIES REPORTED HERE

Three burglaries were reported to borough police during the past 24 hours.

Thieves jacked up the front end of a car at the rear of the Glenn L. Bream garage used car lot, Buford Ave., and removed two wheels and tires sometime this week, according to reports to police. The theft was discovered Friday.

The car had last been checked on Tuesday. The wheels were gray with black stripes. The persons removing the tires had first "borrowed" three jacks from other nearby used cars in the lot, to jack up the vehicle, and then left it on the jacks after removing the wheels.

Charles Sample, Blue Ridge Summit, reported to police that someone had removed \$40 from his wife's wallet, left on the register at the "A" Distributing Co. establishment, rear of Baltimore St., Wednesday evening. Sample is owner of the distributing company.

At midnight Paul Ditzler, night watchman at the Gettysburg Furniture Factories, reported that someone had stolen a radio owned by Ivan Darling, 213 W. Middle St., another employee at the factory, from the boiler room there between 10:49 and 11:25 o'clock Friday night.

Unusually Large Off-Year Vote In County Expected On Tuesday With Judge Sheely On Pa. Ticket

CONSTITUTIONAL REFERENDUM, 4 AMENDMENTS UP TO VOTERS

In addition to naming their choices for state, county and local offices to be voted next Tuesday, Adams County voters along with those across the Keystone State will have on opportunity to vote in the referendum on the revision of Pennsylvania's constitution and will decide about four proposed amendments to the present constitution.

The four proposed amendments appear on the big ballot along with the candidates while the constitutional revision question is submitted to the voters of this county on a separate, small ballot.

The special ballot was used because the regular ballots had been printed before it was discovered that the constitutional convention question had been omitted. Approval was secured from Harrisburg on the plan to carry the referendum question on a separate ballot, Commissioners' Clerk Clarence Smith explained.

The question on constitutional revision is stated this way: "Do you favor the preparation by a convention of a new constitution subject to ratification by a vote of the people?"

The constitutional convention proposal, energetically favored and opposed by many groups and interests in the state, is receiving considerable attention from the voters and the outcome of the balloting on that question is being awaited with a great deal of interest in many quarters.

Less attention is being received

Vet Delivers Seven Calves In Five Hours

Dr. John F. Spangler, Emmitsburg veterinarian, had a busy time Thursday night, delivering triplets and two sets of twins, a total of seven calves, for three cows within five hours.

The triplets arrived at the farm of Donald Fisher, Rocky Ridge, Md.; the twins at the farms of Charles Baird, Hunterstown, and Ed Plummer, Creagerstown.

The triplets were the first Dr. Spangler has seen in six years of practice in this area. And the number, seven to three cows in five hours, was the most unusual in the veterinarian's experience.

JAYCEES' FLOAT WINS IN HANOVER

The float of the Gettysburg Junior Chamber of Commerce that combined corn shocks, pumpkins and pretty girls to take second prize in the Gettysburg Halloween parade here on Wednesday evening captured first prize of \$60 in the float division of Hanover's postponed Halloween celebration Friday night.

The float had won \$40 here on Wednesday. It had 15 competitors in the Hanover column but took first prize in the parade that was witnessed by an estimated 15,000.

The Hanover parade, postponed from Thursday because of rain, was sponsored by the Hanover Junior Chamber of Commerce, which sponsored the local Jaycees at their organization last spring.

The drum and bugle corps from East Berlin took first prize of \$150 with no competition. The second prize of \$60 in the float division went to Ralph Rumsey's Valentine float from Dillsburg. Harold Sanders of Biglerville was one of the judges.

Miss Jean Miller, Mrs. Mac Flaws and Mrs. Donald Becker were the girls on the Jaycee float Friday.

LIONS TO MEET

Gettysburg Lions will meet Monday evening at 6 o'clock at the Snetter House for their weekly dinner meeting. A Lions chorus rehearsal has been set for Sunday evening at 9:30 o'clock in the chapel of St. James Lutheran Church.

More than 10,000 of the 18,000 voters in Adams County are expected to turn out for the general election Tuesday, veteran political observers said today.

They based their estimate, a high one for an "off-season" year, on the approximately 300 local offices that will have to be filled plus the candidacy of Judge W. C. Sheely for state office.

As election nears, interest in the local jurist's candidacy has increased throughout the county. The interest is not along political lines, veteran politicians assert, but mainly in the enthusiasm over the possibility of electing an Adams Countyman to the Superior Court bench for the first time in the history of the county.

They also point out that there has been no concerted campaign against the local jurist in his home county.

Normally the county has its largest votes during presidential election years with the second largest generally during the gubernatorial elections.

300 Local Offices

Republican candidates for state and county offices Tuesday include Dorsey J. Schultz for sheriff; Kenneth W. Johns, clerk of courts; Mervin I. Rice, jury commissioner; Jacob G. Appier, treasurer; Harold L. Ervin and J. Colvin Wright, judges of the Superior Court.

On the Democratic ticket the state and county office candidates are Judge Sheely and John I. Hook for Superior Court; Gilbert Lupp, sheriff; Clarence McClellan, county treasurer; Cyril (Cy) Weaver, clerk of courts, and L. Robert Crouse, jury commissioner.

Election officials in the county's 42 districts will have their greatest work in tallying the vote for the some 300 township and borough offices to be filled. Most districts are naming auditors, school directors, assessors, tax collectors, constables, judges and inspectors of election, road supervisors and in the boroughs, councilmen.

5 School Directors

Gettysburg will elect an auditor, with Percy S. Miller listed as both the Republican and Democratic candidate; three school directors, for six years, with Ray J. Kitzmiller, Dr. Ralph D. Wickerham and Mrs. Golda H. Collins listed as candidates on both tickets, and two school directors, for two years, with Richard E. Dreas and Erma D. Poppay listed as the candidates by both parties.

Each ward will name an assessor, with F. L. Watson the Republican candidate in the First Ward, with no Democrat listed; Emma Sheffer as candidate for both parties in the Second Ward and Jesse E. Snyder as the candidate for both parties in the Third Ward.

The town will also elect a tax collector, with J. Herbert Weikert as candidate on both tickets; a Justice of the peace with John H. Baeshore appearing as candidate of both parties; and a Burgess with incumbent William G. Weaver, the candidate on both tickets.

Local Candidates
In the First Ward the candidates for council are incumbent Mahlon P. Hartzell as the Republican candidate and Willis Schwartz on the Democratic ticket.

U. S. TEAM WINS 104TH CAVALRY TROPHY AT SHOW

HARRISBURG, Pa. (AP) — The United States equestrian team waited almost until the end to break into the win column and even though it gained the most prized team trophy to all another sparkling performance by England's Pat Smythe stole the show.

A 3-day total score of 16 faults gave the host team the coveted 104th Cavalry trophy for the best showing in low score international jumping competition at the Pennsylvania National Horse Show yesterday.

But England's No. 1 equestrienne, the 24-year-old brunette daughter of a cavalry officer, was riding her "reserve" mount, Prince Hal. And every other time she answered the bugler's call on the 11-year-old chestnut gelding—four times—she had brought home the blue ribbon and trophy.

Wins Fifth Prize
Last night was no different. She captured her fifth individual first place and England's seventh in the first 10 jumping events of the week-long show which ends tonight. On Tuesday Canada, England, the United States and Ireland continue competition at the National Horse Show in New York City.

Miss Smythe's latest triumph, in the Gen. Jonathan Walworth Memorial event, came in a three-way jumpoff against U. S. riders, Arthur McCashin, Pluckemin, N. J., on Rusty and Ronnie Mutch, Darien, Conn., of Briar Lad. She skinned over all but one of 10 barriers for four faults while McCashin finished with eight and Mutch with 16.

Knocks Over Barrier
All three completed the original course with four faults. The English girl failed to win without a jumpoff when her horse knocked over the final barrier her first time around.

Pennsylvania winners yesterday: Pretty Pert, owned by T. N. Wood, Harveys Lake, 3-year-old fine harness horse; Voodoo, owned by Spruce Haven Farms, Annyville, juvenile three gaited saddle horse; and Jughead, owned by Santa Fe Ranch, Shamokin, championship stock horse stake.

The award was made for the Home Service Department's work in the field of community service through its cooking schools, exhibits, appliance demonstrations, and schools program.

Miss Dowler accepted the plaque in behalf of Miss Marjory Merritt, the gas company's home economist in this area, and her 29 other Home Service assistants. The presentation was made Tuesday at the American Gas Association Convention in St. Louis, Missouri.

The McCall's Achievement plaque is the fifth major nationwide award won by Miss Dowler's department since she joined Manufacturers Light and Heat Company in 1940.

VOLUNTEERS SEARCHING FOR MISSING GIRL

LA CROSSE, Wis. (AP)—A huge volunteer search party turned out today in a last concerted effort to come up with anything that might lead to solution of the perplexing disappearance of pretty Evelyn Hartley.

More than 3,000 Boy Scouts, high school and college students, sportsmen and other interested persons were counted upon to comb the countryside this weekend for a trace of the 15-year-old girl who vanished a week ago.

The Mississippi River was the target of patrol boats which planned to nose into every slough and tributary on the river for 20 miles downstream.

The FBI last night declined to step into the case despite a request by Dist. Atty. John Bosshard of La Crosse County. He said he had made the request to Special Agent Robert L. Murphy, who heads the Milwaukee FBI office.

"Murphy advised me that in his opinion there is no federal offense that present evidence can substantiate and that the FBI is unable to come in and give us assistance," Bosshard said.

A 21-year-old La Crosse man who was quizzed in the Hartley case after he was picked up yesterday on a rape complaint of a 15-year-old girl was cleared of any connection in the disappearance, Police Chief George Long said.

Also absolved was Dr. Richard Hartley, Evelyn's father, who reported her disappearance last Saturday night after he went to the Viggo Rasmussen home, where she had gone to baby sit, to find out why she hadn't telephoned home. Bosshard said Hartley took a voluntary lie detector test which "clears him of any participation without equivocation."

Philadelphia, is slightly further south than the mouth of the Dardanelles and many of our most northern communities, such as Warren, Wellsboro, Coudersport, Montrose and Kane, are on the same latitude as Barcelona in Spain. The northern suburbs of Philadelphia, the cities of Lancaster, Bedford, Somerset, Washington, and Monessen, and the Borough of Norristown are very close to the latitude of Mt. Olympus in Greece, and Reading is on the same parallel as Mt. Athos, that mysterious refuge which projects into the Aegean Sea from Thessalonike.

In comparison with localities in the Western Hemisphere, Pennsylvania extends further northward than do either Connecticut or Rhode Island. Parts of Pennsylvania are also further north than parts of either Oregon or Idaho; Kingston, Jamaica, is on the same meridian as the city of Harrisburg; and the Panama Canal is directly south of the city of Pittsburgh. Only a few square miles of South America lie west of a line connecting the western border of Pennsylvania with the South Pole.

Approximately 1,000 miles southeast of Fremantle in Australia, in a little visited waste of the Indian Ocean, is Pennsylvania's antipodes. One can stand on any level spot on Pennsylvania's soil and looking down see (in imagination) the blue waters of that desolate sea which lies directly below our feet.

By GEORGE MATTHEW ADAMS

PLACE OF REFUGE

Nearly every inhabitant in nature has some sort of refuge to which to go in time of danger or for the rearing of its family. We humans have the same, but we call this refuge of ours—home. It is about this home that our happiest memories cluster.

It was while the author of "Home, Sweet Home" longed for the joy and comfort of a home, which he didn't have, that he wrote that immortal song. Home is our greatest refuge. Homesickness is a universal one. We all have had it, especially after our absence from home in our youth. The citadel of every nation is the home. It will forever remain, also, as our greatest refuge in time of trouble, disappointment, or failure. Hope is always gathered anew "back home." The home will forever remain, in our memory, as the nesting place of most of our dreams. It is also a place to which to return in order to refuel, in terms of hope, confidence, and faith.

It makes no difference how humble the home may be, it's as important to its poor occupant as that of a palace to another. Home is the refuge of all. Time and again we return to this home of ours for so long as it remains. It is in this home that we have learned our most valuable lessons in life—unforgettable ones.

Going out from a good and happy home is one's greatest capital—already a dividend paying investment in success. It is from such homes that the great of this earth have been born, nurtured, and sent out to useful service. Many a log cabin has become a shrine!

Our most sacred interests center about the home. We are freest in our expressions there. It's home our home, and if we are to be understood anywhere, why shouldn't it be in our own home, among those most beloved by us?

NEVER TOO BUSY

I can say: "I'm busy," when the grownups come to call.
I can quickly make excuses to get rid of one and all.
I can send the chatty waster of my time upon his way.
But it's different when a grandchild visits me and wants to play.

I won't drop what I am doing with a neighbor long to chat.
I don't ask the office caller to remove his coat and hat.
But let that little two-year-old come pattering in on me,
I pull off her hat and jacket and I take her on my knee.

If I happen to be typing, she may bang the lettered keys.
She may spoil my sheet of copy and snatch everything she sees.
Oh, it may be I am too busy and am racing 'gainst despair,
But I'd never think to tell her that I haven't time to spare.

I can send away the grownups, though unpleasant 'tis to do.
Saying: "Sorry, but this morning I can't stop to chat with you."
But I've never been too busy, and I hope I'll never be,
To welcome little Margie when she wants to play with me.

REDS REJECT NEW PLAN FOR PEACE TALKS

By SAM SUMMERLIN

PANMUNJOM (AP) — American Ambassador Arthur H. Dean today proposed a "flexible" agenda to speed up talks for arranging a Korean peace conference but the Communists immediately rejected it as "sleight of hand."

The diplomats debated an hour and three minutes, got nowhere for the sixth straight day and called it quits until Monday.

Dean told newsmen he was not depressed over the lack of headway in his week of talks with the Communists to set up the Korean peace parity.

He said he still feels the Reds want the conference and "It is not surprising that it has taken us some time to get shaken down on a working basis."

Dean proposed a "flexible or un-numbered agenda" under which the negotiators could skip around among various problems that must be settled before the political conference can convene.

Sidestep Tough Issues

The American envoy's plan would allow the diplomats to sidestep tough issues, settle easy matters and then come back to those still unresolved.

Dean is speaking for the United States, South Korea and the 15 other United Nations members which put troops on the battlefield in Korea. He has urged the Reds all week to talk first on the matter of fixing a time and place for the conference.

But the Communists have countered with demands that the delegates first decide who should attend the conference. The U.N. Assembly has decreed that only the belligerents may attend plus Russia, if she is invited by the Communists to sit with them. The Reds want to invite Russia as a neutral in addition to such Asian neutrals as India, Pakistan, Burma and Indonesia.

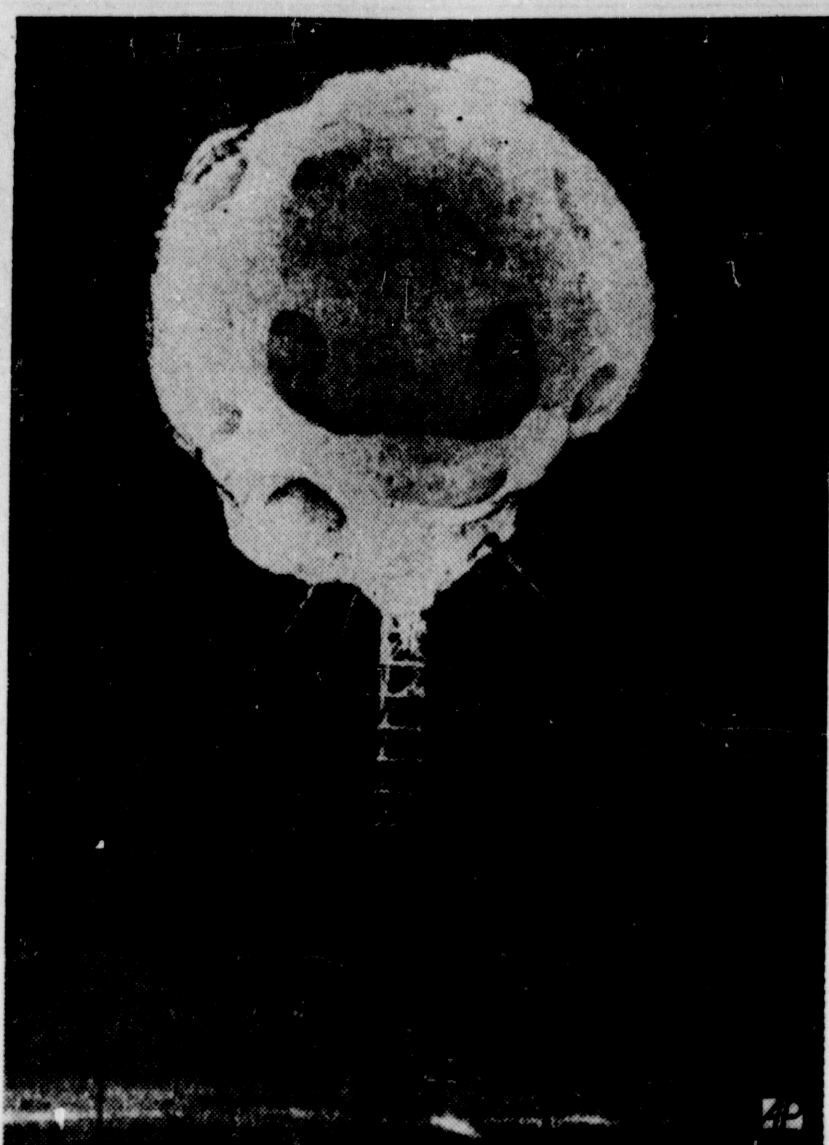

The week ahead may be decisive in these preliminary talks for the political conference.

HARRISBURG (AP) — The State Pardon Board Friday rejected the appeal of Alfred L. Sallade, Potter County, for commutation of his 4-to-8 year sentence for voluntary manslaughter in the shotgun death of a Philadelphia youth at Sallade's restaurant-airport.

Sallade's appeal was presented to the pardon board on October 21. Had the appeal been granted, Sallade would have been eligible for parole.

Find Woman's Body; Death Being Probed

PHILADELPHIA (AP)—State and local police are investigating the death of a young Chester, Pa., woman whose body was found yesterday on a farm at suburban Concordville.

State Police Cpl. Rocco Urella said the death of Mrs. Viola Hepburn, 29, was "definitely" caused "by violence."

Her body was discovered under some newspapers in the farmhouse cellar by Max Spangler, who manages the Concordville farm for his brother, the owner.

Police said Mrs. Hepburn had been missing from her home since Oct. 14. They said she and her husband were separated.

Young Motorist Is Sent To Prison

NORRISTOWN, Pa. (AP)—Twenty-one-year-old Charles A. Bodge begins serving one to two years in prison today as an aftermath of an automobile game called "points" in which a young girl was killed last May.

Object of the game, police said, was to see how many traffic laws a driver could break. For each violation he gets a point. The girl, 14-year-old Mary Jane Linsinger, of Norristown, was killed when Bodge's car went out of control and crashed into a pole.

The youth pleaded guilty yesterday to a charge of involuntary manslaughter. In pronouncing sentence, Montgomery County Court Judge George C. Gorson told Bodge "You're lucky you're not here on a murder charge. What you did comes close to malicious killing."

HAYMES PAYS SUPPORT MONEY, HEADS FOR EAST

LAS VEGAS, Nev. (AP) — Dick Haymes and his wife, Rita Hayworth, left for the East by train today after the crooner declared "I'll never file for bankruptcy as long as I can sing a note."

Bankruptcy had been suggested as a possible out for his many financial involvements.

The suggestion came up last night at a meeting here of Haymes, Rita, and their attorneys, David Marcus and Bartley Crum.

The lawyers said they also discussed the possibility of a 3D color movie starring the couple which has been suggested by a Mexican film company.

Regarding Haymes' difficulties with the Immigration Service, his attorney, Marcus, said "We feel confident Haymes will be completely vindicated after the whole truth has been fully disclosed to the government, the public and the press."

Pays Support Money

Crum told newsmen: "I plan to bring contempt action soon against Aly Khan (Rita's former husband) for not abiding by a Nevada court decree of January 1952 in which Khan was ordered to pay \$48,000 annually toward the upbringing of

Yasmin" (daughter of Rita and Khan).

Haymes and Rita are scheduled to reach Pittsburgh Sunday night. He starts a series of one-week singing engagements there next Monday.

Meantime, the crooner is caught up momentarily on child-support payments to the second of his four wives.

Marcus paid \$2,650 cash yesterday in Santa Monica, Calif., to a lawyer representing actress Joanne Dru, and contempt proceedings brought by her were then dismissed.

The lawyer said Haymes can keep only 20 per cent of his salary—which Haymes says is \$5,000 to \$7,500 a week.

HARRISBURG (AP)—Gov. John S. Fine has granted the State Civil Defense Council permission to store emergency equipment and supplies at the Indiantown Gap Military Reservation.

He said the move was recommended by the Department of Military Affairs and is an example of the "cooperative spirit" existing between the department and the council.

Sell "Cinerama" Tickets At Majestic

Tickets for "Cinerama" now being screened at the Boyd Theater, Philadelphia, are available at the Majestic Theater, Sydney J. Poppay, manager, said today.

"Because 'Cinerama' will never be shown here, we have made arrangements to handle some reserve seats for the showings in Philadelphia," Mr. Poppay said.

"Cinerama" can be shown only in a specially equipped theater, such as the Boyd. Because it is so expensive to install and operate, it can never be shown in neighborhood theaters. Only four other cities in the United States are also now presenting "Cinerama": New York, Chicago, Los Angeles and Detroit. It will play at the Boyd Theater for a long time to come," Poppay added.

NEW YORK (AP)—All financial and commodity markets in New York will be closed election day, Tuesday, Nov. 3, except the New York produce exchange.

Stock exchanges at Boston, Cincinnati, Detroit, Pittsburgh and Philadelphia also will be closed.

Warriors Put Up Stubborn Battle Before Losing To Undefeated Hershey 15-0

Hershey High Schools unbeaten football team vaulted into first place in the South Penn Conference race Friday by downing the stubborn Gettysburg High Warriors 15-0 here before approximately 2,500 fans.

The Warriors put up one of their best games but were up against a big, hard-charging team which was sparked by the all-around work of Ben Klingler, and the hard-running of Ed Kauffman. Klingler scored a pair of touchdowns and booted an extra point to take over the lead in conference scoring. The Trojans scored their first points on a safety in the opening period when George Penn was spilled in the end zone after receiving a low pass which prevented him getting off a punt.

Penn's opening kickoff went out of bounds and Hershey put the ball in play on the 40. Klingler, Kauffman and Ed Petrucci sparked a running attack which was good for three straight first downs to the Gettysburg 9. The fighting Warriors braced and held, taking over on the 3 despite a last down completion of a pass, Klingler to Kauffman.

Fred Furney hit the line for four yards before Bobby Rohrbach lost a yard. On the next play Penn attempted to punt out but a low pass prevented the attempt and he was thrown in the end zone on a safety. The score came on 7:43 minutes of the round.

A short time later Merle Gorman pounced on a Hershey fumble on the Gettysburg 37. Chick Livingston and Penn picked up three yards each before Penn passed to Ronnie Williams for a first down on the Hershey 49. Penn circled left end for another first on the Trojans' 38. Terry Culp lost 3 as the period ended.

Warriors Threat
The Warriors' biggest threat came on the first play of the second period when Penn, connected with Rohrbach on the 30 and he raced to the 18. Williams picked up 4 on the next try but then the visitors' line, sparked by Sponaugle, Hoffer and Lehman, halted the drive and tossed the Warriors back to the 36. Penn passed on last down and Klingler intercepted on the 18 from where Hershey marched for its first TD.

Three straight first downs were chalked up on running plays before Klingler passed to Walters for 20 yards and a first down on the Gettysburg 24.

Klingler went through the right side of the line for 7 and Petrucci shot through to the 10. Kauffman picked up 3. Klingler added 3 to the 1 from where he went over on the next play. Klingler booted the point to make the count 9-0 after 7:34 minutes.

Klingler kicked out of bounds on the next kickoff. Penn circled right end for a first down on the Hershey 48 and on the next play criss-crossed all over the field for another first down on the 35. After being thrown back to the Gettysburg 43, Penn punted to the Hershey 25. Two plays later the half ended.

Schmitt Receivers
Midway in the third period Pete Baughman hit Klingler before he could get off a pass and Jay Schmitt recovered on the Gettysburg 40. Williams, Rohrbach and Livingston picked up a first down on the Hershey 49 but Penn was soon forced to punt to the Hershey 21. The Trojans reeled off three straight first downs to reach the Gettysburg 33 as the quarter ended.

Klingler and Kauffman picked up another first down on the 18 but the scrappy Warriors braced and took over on the 15 when two passes fell incomplete.

A short time later Penn passed to Rohrbach but a fumble followed and was recovered by Klingler on the Gettysburg 39 from where the visitors moved to their final score. Kauffman and Petrucci moved the leather for three first downs to the 2. Kauffman hit the line for 1 before Klingler scored on a quarterback sneak. Klingler's kick for the point was wide. After failing to gain following the kickoff, Gettysburg punted to its own 43 and the game ended on the next play.

Hershey rolled up a total of 19 first downs to five for Gettysburg. The visitors completed three of seven aerials while Gettysburg made good on five of seven, another being intercepted. There were no penalties stepped off against either team, all called being turned down.

All of the Warriors are due plenty of credit for the fine showing made against the Trojan powerhouse. Hershey had been favored in most quarters to win by four or five touchdowns. They still are unscathed upon in league competition.

Gettysburg, now 6-2 for the season, finishes its campaign here next Friday evening by opposing Mechanicsburg in another conference game.

LITTLESTOWN GRIDDERS LOSE TO FREDERICK

A far cry from the Class B Maryland state champion team of 1952, Frederick High, nevertheless, utilized its "breaks" to score twice in the first half and then methodically crush all but one Littlestown scoring effort to stymie the Thunderbolts, 22-6, Friday evening before about 200 chilled Memorial Field spectators, in Littlestown.

The win was the fourth in succession for the southerners over the Evansmen, who dropped their fourth straight contest. Possessor of a 10-0 record a year ago, Frederick's schoolboy gridgers' victory was only the second in seven games so far this season.

Despite an 8-7 superiority in first downs, Littlestown was unable to penetrate Frederick territory until two minutes had passed in the final period. By that time the Cadets were coasting with a comfortable, 22-0, edge after tallying in the first second, and fourth periods.

Frederick Scores First

The Maryland team drew first blood before the game was three minutes old on a bad "bolt" snap from center which bounced crazily into the end zone. A safety resulted when a Littlestown back gamely attempted to retrieve it and was tackled behind his goal.

Frederick scored its initial touchdown a few moments later when Dick Shank intercepted a "bolt" pass and churned to the Littlestown 22. Four plays later, the burly senior fullback bucked through center to score standing up. Jim Clemson carried for the extra point.

Halfway through the second period the Cadets struck again when Joe Free recovered a Littlestown fumble on the host 30-yard line. Clemson and Shank alternated ball-carrying chores to the 20 where the Frederick air arm, Clarence Crum, tossed to Clemson streaking up the sideline for a TD. Two plays earlier the same pass had scored and was recalled because of a backfield in motion penalty. Shank bucked across for the 16th Rebel punt.

Littlestown struck back with surprising suddenness following the Cadets' third touchdown after one minute of the fourth stanza on a two-yard off-tackle slant by Crum had climaxed a sustained 42-yard Frederick march up field.

The Thunderbolts brought their opponent's kick-off to the Littlestown 47, and on the next play for the first time in the game stepped onto Frederick territory when a 20-yard Don Kump to Dean Selby pass connected and was carried to the Cadet 22.

George Snyder averted a Littlestown shut-out by fading back and, with Frederick tacklers converging upon him, calmly tossed to Kump standing in the striped zone for a score. The attempt at conversion with eight minutes to play was wide.

Littlestown attempted 11 passes, completing two, and having three intercepted by an alert Frederick down-field defense. The Maryland gridgers tried nine heaves, connected on two and had one intercepted.

Littlestown will conclude its 1953-54 football schedule Friday, November 6, against Delone Catholic at McSherrystown, starting at 8 p.m.

Full Slate Tonight

For Ice Hockey Fans

By THE ASSOCIATED PRESS

The Syracuse Warriors, their spirits bolstered by last night's four goal comeback against Hershey, meet the first-place Buffalo Bisons tonight in one of three games on a full American Hockey League slate.

Trailing 4-0 at the end of two periods, the Warriors crashed back to gain a 4-4 tie on Eric Pogue's counter at 7:42 of the final session. The overtime period was cancelled by agreement, both teams having to catch a train.

The one point pickup moved Hershey into a third place deadlock with Pittsburgh. Syracuse, in fifth place, is only two points behind the Bears and Hornets.

In other games tonight, Providence takes on Pittsburgh and Hershey faces Cleveland.

DELONE LOSES 41-0 DECISION TO HARRISBURG

Four touchdowns and as many conversions by Al DiEspoti sparked the Harrisburg Catholic High School gridgers to a smashing 41-0 victory over the outclassed Delone eleven Friday evening at Harrisburg. The Crusader back also hurled a pass for another score.

Harrisburg scored after 5:30 minutes in the first period when DiEspoti scored from the 4 to cap a 56-yard drive and then added the first of his four extra points on a kick.

DiEspoti raced 59 yards to tally after four minutes of the second period to make the score 14-0 at half time.

The Crusaders scored twice in the third frame. Gorman recovered a Delone fumble on the Squires' 18. DiEspoti ran 15 yards on his first try and then went over on the next play.

After Delone received the following kick off, a Squire pass was intercepted by DiEspoti on the Delone 22. Two plays later DiEspoti tossed a 20-yard aerial to Napoli in the end zone.

O'Brien Blocks Kick

The Crusader scoring ace got his fourth TD early in the last period when he broke through the right side of the line and sprinted 43 yards. John O'Brien, Delone center, broke through to block DiEspoti's boot for the point.

A 50-yard return of a punt by Salinger to put the ball on Delone's 15-yard line set the stage for the final Crusader score. On the following play Salinger broke through the line, reversed his field, and ran for the TD. He booted the extra point.

O'Brien, Squire center, suffered a blow on the head on the last play of the game and collapsed in the locker room following the game. He was admitted to the Harrisburg Hospital for observation.

NO MORE GRID PANORAMAS FOR GM, NBC ON TV

DETROIT (AP)—General Motors isn't going to try to give the nation any more television panoramas of football. It tried once. That was enough.

Fans didn't like the bits and pieces they got of four different games a week ago. They told GM so in a ratio of 7-to-1.

So another scheduled panorama for Nov. 7 is out. Instead, GM and NBC have decided, with NCAA approval, to televise three games regionally and a fourth locally.

Today's nationwide telecast of the Minnesota-Pittsburgh game at Minneapolis won't be affected at all. Neither will any others originally slated for full telecast.

New Setup Announced

Instead of next Saturday's panorama, GM and NBC announced this lineup:

The Kansas-Kansas State game at Lawrence, Kans., will be seen in Kansas, Missouri, Oklahoma, Texas, Colorado, Nebraska, Utah, Arizona, California, Oregon, and Washington.

Florida and Georgia, for Maryland, Virginia, North Carolina, Kentucky, Tennessee, Arkansas, Mississippi, Louisiana, Alabama, Georgia, Florida, and Washington, D.C.

Northwestern-Wisconsin at Evanston, Ill., starting at 2:15 p.m. EST, will be seen over all other NBC-TV stations with one exception.

That is the South Carolina-North Carolina game. It will be televised locally in Columbia, S.C., site of the game.

BULLET FROSH ROLL TO EASY 46-0 TRIUMPH

Gettysburg College's powerful freshman football team romped to its second straight victory here Friday afternoon by plastering the Johns Hopkins yearlings 46-0. The unbeaten frosh now have a seven-game winning streak which includes all five games played last season.

The Bullets staged a 68-yard march for their initial TD after yielding three first downs to the Bluejays who had received the opening kickoff. Heverly connected on aerials to Lebo, Hendley and Ward in the drive, the pass to Ward being an 8-yarder which produced the score. Lichtenfeld booted the first of his four extra points on a placement.

A short time later Lebo raced 40 yards to the Hopkins 7 from where Natalie went through tackle to tally.

Early in the second period Heverly heaved a 33-yard pass to Lichtenfeld for a score. Two plays later Heverly intercepted a Bluejay pass on visitors' 18 and on the next play Lebo circled left end to score.

Long Runs Pay Off

Natalie returned the second half kickoff to the Hopkins 44. Heverly picked up a first down on the 33 and then Heverly shot a pass to Hendley on the 9. After the Bullets were tossed back to the 28, Lichtenfeld swept around left end to the 8 from where Lebo went around right end to make the count 33-0.

Three plays later Lichtenfeld took a Bluejay punt on his own 47 and raced 33 yards for a score.

The final TD came late in the final period when Natalie booted through the left side of the line and sprinted 43 yards.

Womber Vs. Wilson

On TV Tonight At 9

BOSTON (AP)—Two ambitious youngsters with remarkably similar boxing styles, welterweights Danny (Bang Bang) Womber of New York, and Boston's Wilbur Wilson, will provide a nationally televised 10-round bout tonight at the Arena.

With an overweight victory over titlist Kid Gavilan to his credit, Womber, naturally, can not afford a setback.

Telecast by ABC with New England blacked out, the bout is scheduled for 9 p.m. (EST). Lacking a knockout, it will be decided by the Massachusetts Boxing Commission's scoring system that credits winners of rounds with 10 points and losers with nine or less.

Bullets Rip Dutchmen 60-19 For 5th Straight; Ujobai Accounts For 35

Gettysburg College's gridiron machine ground sausage meat out of Lebanon Valley's trying but inept team, 60-19, in the third annual Kiwanis Bologna Bowl game at Lebanon before 4,500 fans Friday night.

With Joe Ujobai scoring five touchdowns and converting five times and Frank Gagliardi completing nine of 11 aerials, the Bullets put on their biggest scoring spree in a number of years. Gettysburg gave up possession of the ball on only three occasions—once by punting, once on an interception and finally in the last minute of play when the third team was attempting to score and the Dutchmen held for downs.

Gettysburg received the opening kickoff and Ernie Paliszewski returned it to his own 36. After Bob Eppelman lost one and Paliszewski lost two more, Gagliardi faded and tossed a long pass to Ujobai who gathered in the ball on the Dutchmen's 45. Don DeBenedett had a clear shot at the former Phoenixville High School flash, but was unable to hold him and Ujobai scored. Ujobai's extra point placement was good. The first quarter was two minutes and 16 seconds old.

After Gagliardi intercepted a Sorrentino pass, the Bullets were off again from the Lebanon Valley 40. Ujobai and Gagliardi carried to the 28. Eppelman raced over for the touchdown but the play was called back and Gettysburg penalized. A Gagliardi-Jacobi pass went to the one and Ujobai slashed over for the score in 5:36. Ujobai's extra point attempt was blocked as Gettysburg led 13-0.

Hemberger Scores
A Gagliardi-Walt Hemberger pass covered 23 yards and climaxed a 42-yard scoring drive, accounted for the third touchdown in 10:29 of the first period. Ujobai's placement was good.

The Dutchmen came back to score in 13:15 of the first period when Lou Sorrentino completed three passes and then crashed over from the one. Gettysburg 20, Lebanon Valley 6.

"Do-It-Yourself" Idea On Car Repairs Often Proves Costly To Owner These Days

One trouble with the automobile budget is there's too much month left over at the end of the month.

Word To The Wise

The do-it-yourself idea may be all right for the folk who have time to try combining a hobby with savings, but applied to complicated mechanical jobs on the automobile it looks like a quick

way to invite trouble. Few motorists these days have facilities for service work on their cars, even granted they have the know-how, and the result is that mechanics are busy undoing owners' mistakes.

Even the adjustment of a spark plug these days calls for special wrench for making sure the plugs

are drawn down just so much and no more. Motors that should be good for many additional miles of service with a moderate amount of oil consumption are made fit subjects for the junk pile by owners who picture replacing piston rings as a job on a par with changing phonograph records. Every motorist at some time in his career yields to the temptation to take off the cylinder head and grind the valves. Today it usually ends with a bit of grinding of teeth.

There's plenty any owner can do around the car to keep it clean, tight and inspected, without going to the extreme of risking costly mistakes and disappointments. And so much to learn about how to drive the thing efficiently and safely!

No Gain With This

Something few understand about oil filters is an undesirable process known as "unloading." This is what happens when a filter's element gives back what it has already trapped out.

This can happen because of excessive use of additives or because of the nature of the filtering element itself. Where elements have compressible materials any sudden boost in oil pressure, such as occurs rather often when a cold engine is first started and put to heavy use, causes the element material to squeeze. Then some of the contaminants which it has trapped out will get back into circulation.

Too Lax On Checking

Maybe you, too, have noticed that there seems to be less readiness on the part of filling stations attendants to check your oil. I've bought a lot of gas lately and am surprised that no one has volunteered to lift the hood. A lot of oil sales are being lost this being handicapped. Checking with one attendant I got the explanation that too many people seem resentful when asked about the sub-hood situation. They take the position that they are being pushed into additional purchases. He also pointed out that with so many radiators equipped with pressure caps there's less checking of cooling systems on the open road.

Mechanic Joe Speaking:

"We have a very simple test for loose engine mounts here in the shop. All we do is disconnect one of the spark plug wires and put tape over its end. Then we

run the engine and watch its action. "It will shake more than if it were running on all of its cylinders but if the mounts are loose, or if one is broken, some engines will make a snapping noise. If the engine really is loose it will shake quite violently when accelerated."

Not Suited To Automatics

Motorists who like to poke along through a park or a seaside drive at low speed should change their tactics a bit when operating cars with automatic transmissions or torque converters because such operation then is either in low gear or with the torque converter doing a lot of wasteful slipping. Failure to do this sort of slow going efficiently is one of the debits of automatic drives. Few motorists will lose sleep over it, but it is something to consider

if the engine happens to be inclined to overheat or if the transmission itself is ailing and operation should be in the more normal range.

Picked Up Enroute

One tourist over a recent trip found that he was averaging one cent per mile for highway and bridge tolls. . . . The Moon car, in case you have forgotten, was built in

St. Louis, Missouri, from 1905 to 1930. . . . Its company also fathered the Ruxton, a front drive job. . . . Few remember to use a new valve inside when having an inner tube repaired or remounted. . . . Most American cars still have front wheel tread wider than the rear of the same, three makes having front tread greater than the rear. The way automotive engineers

have been backtracking from highly efficient today. Still A Mystery It is unfortunate that car manufacturers ever had to tell the advance over what we consider

A MESSAGE FOR WOMEN WHO DRIVE MOTOR CARS!

Ladies, when you drive in for service, information or maybe just some helpful counsel, you will find courtesy, consideration, and a due regard for you as a motorist as well as a woman . . . when you visit Adams County's garages and service stations.

Today there are 15,000,000 registered woman drivers in the United States, and our local communities have their share of them. In 73 out of every 100 American homes there is a car, and in most car owning homes the homemaker drives it and accepts her share of responsibility for its maintenance and care.

Women drivers are among the best of customers. In selling services to them, Adams County's garages and service stations find an intelligent understanding of car service problems and a real appreciation for the modern service equipment and trained service personnel in our county. Adams County's garages and service stations are proud of the fact that so many ladies patronize their service establishments.

Is your car conditioned for safe, comfortable, economical Winter driving? Now is indeed the time to attend to all service requirements. You and your car will be busy later. Drive in now if only for a check-up.

Anti-Red POWs Shout, Kick And Spit At "Persuaders"

By JOHN RANDOLPH

PANMUNJOM (AP)—Long-defiant anti-Communist Korean War prisoners marched from their compounds today and with shouts, kicks and screaming curses overwhelmingly told Communist explainers they will not go back to Red rule.

By late afternoon only 20 of 430 North Koreans had elected to go back to the Communists, an Indian spokesman said.

The Koreans came out peacefully to meet Red persuaders after two weeks of negotiations with Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission.

But once before the explainers most of the POWs were anything but peaceful.

As many as four Indian guards were assigned to each prisoner, but frequently this wasn't enough.

One enraged prisoner broke free and hurled a folding chair into the faces of three smartly-uniformed explainers. All were slightly injured.

In at least two instances prisoners kicked over field tables used by the Communists.

Almost all of them screamed, shouted and spat at the Communist agents. They writhed and struggled in the tight grips of Indian soldiers.

"You sons of dogs," the prisoners screamed.

"You traitors!"

"You want to make us dogs of the Russians!"

"We Chinese foreign goods!"

"We will come back and kill you all!"

Indian guards forced prisoners to listen to the explanations as long as the Reds wanted to talk—or until it became obvious that the issue was decided.

Some interviews lasted only 30 seconds. Others continued for nearly two hours.

Swiss, Swedish, Polish and Czech observers were present at all interviews.

Old Friends Meet At Maternity Ward

PHILADELPHIA (AP)—John Sweeney hadn't seen his boyhood friend, Richard Ricks, for 12 years until they bumped into one another in a corridor at Fitzgerald Mercy Hospital in suburban Darby yesterday.

"Dick, old boy," said Sweeney, "what brings you here?"

"What just had twins," said Ricks, "couple of boys. What brings you here?"

"My wife just had twins, too," said Sweeney. "Couple of boys."

RAMS AND LIONS IN TOP PRO GRID GAME ON SUNDAY

NEW YORK (AP)—Los Angeles will be the center of National Football League attraction tomorrow when the power-packed Rams take on the defending champion Detroit Lions with first place at stake in the circuit's Western Conference.

The teams are tied for the conference lead with four wins and one loss apiece. This will be their second get-together of the season. Los Angeles won the first 31-19 in Detroit two weeks ago.

The Green Bay Packers and the Baltimore Colts kick off the full schedule of six week-end tilts tonight. In other games, the undefeated Cleveland Browns meet the Washington Redskins, the San Francisco 49ers face the Chicago Bears, the Pittsburgh Steelers go against the Philadelphia Eagles and the New York Giants clash with the Chicago Cardinals.

The Detroit-Los Angeles tussle, which is expected to attract a crowd of 80,000, again will pit ace passers Norm Van Brocklin and Bobby Layne. In their previous meeting, Van Brocklin pitched touchdown aeriels of 40 and 45 yards for the Rams while Layne heaved a pair of payoff heaves for the Lions.

Cleveland, the Eastern Conference pace-setters with a 5-0 record, is rated a two touchdown favorite over Washington. Off their 27-17 trimming by Baltimore last Sunday, the "Skins" hardly figure to give Otto Graham and company much trouble.

KIDNAPER HALL AND MRS. HEADY INDICTED FRIDAY

KANSAS CITY (AP)—Carl Austin Hall and Mrs. Bonnie Brown Heady, partners in the abduction of little Bobby Greenlease, were indicted by a federal grand jury yesterday on kidnapping charges.

They are expected to be arraigned early next week, possibly Monday, Edward L. Scheufler, U.S. attorney, has said he will press for an early trial.

Bobby, the 6-year-old son of a wealthy Kansas City automobile dealer, was taken from his exclusive school Sept. 28. He was slain and his body was found in a lime-filled grave in the yard of Mrs. Heady's home at St. Joseph, Mo.

4 Days Of Testimony

Hall, 34, and Mrs. Heady, 41-year-old divorcee, were arrested in St. Louis Oct. 6. Hall admitted slaying the child after Mrs. Heady took the boy from his school on a ruse.

The jury heard four days of testimony. The indictment pointed out the kidnapped child was not returned unharmed, making the defendants liable to the death penalty. If the two should enter pleas of guilty the judge could request a jury trial to determine whether the maximum penalty should be inflicted.

East Berlin

EAST BERLIN—Mrs. James R. Myers left this week to spend the winter in York with her son-in-law and daughter, Dr. and Samuel J. Leicy.

Charles, four-year-old son of Robert and Sara Ebersole Hess, York, has returned home after several days with his grandparents, Mr. and Mrs. Herbert R. Ebersole, R. 1. The youngster has now completely recovered from severe injuries sustained when he was struck by a car during the summer.

Mr. and Mrs. George Kimmel, Hampton, will soon reside here, having bought the Keeney property formerly tenanted by the Lester Wagner family.

The Paradise Catholic Church chapter, National Council of Catholic Women, sponsored the annual Halloween party Tuesday evening for parish families. Each family group brought some item of food which was "pooled" for the refreshments of the party, and the NCCW provided as a treat ice cream and coffee for everyone.

The Luther League of Trinity Lutheran Church recently elected these officers: President, C. Robert Jacobs; vice president, Larry D. Wright; secretary, Barbara Cox; assistant secretary, John H. Jacobs; treasurer, Ruth Brodbeck; assistant treasurer, James Brodbeck; pianist, Gerald E. Mummert, and assistant pianist, Margaret I. Lobaugh. Mr. and Mrs. Luther P. Smith are the advisors.

Birds A. Jacobs, 81, former East Berlin burgess for many years, is convalescing at the Dover home of his brother-in-law and sister, Mr. and Mrs. Harry U. Baughman, after his discharge from the Hanover Hospital.

Robert Boyer has returned to his duties at the garage of his uncle, Ralph W. Boyer, south of town, after a month's vacation which he spent on a sightseeing trip by motor to California with a former schoolmate at the local high school.

The interior of the new East Berlin fire hall is undergoing considerable interior redecoration in preparation for winter activities.

Gift items such as: new wearing apparel, books, games, cigarettes, etc., are being brought to the social rooms of Paradise Catholic Church to be packed by the National Council of Catholic Women as Christmas cheer for families to be detained on Ellis Island, N. Y., by immigration authorities over the holidays. Parishioners and friends are asked to contribute such items as soon as possible.

Mrs. W. Lewis Kroft is able to be about after a severe cold and throat infection which confined her to her home early this week.

The Rev. I. M. Lau, York Lutheran pastor, will address annual Rally Day services Sunday at 9:30 a.m. at Holtschwamm Lutheran church when Sunday School and the church worship will be combined. The pastor is the Rev. George A. Clark.

Frederick Innerst, who resides along the Conewago Creek with his family, is recovering after medical attention for a severe cut on the back of his head sustained when his head struck a step on the cellar stairs at his home.

Miss Lucy V. Sell, daughter of Mr. and Mrs. Emory W. Sell, Jr., is assisting with the clerical work of the local Evangelical and Reformed church which is being ministered by the Rev. Edgar Shelley, a divinity student. Miss Sell is a senior at the New Oxford High School.

CROWD CLAMORS FOR RELEASE OF THREE ITALIANS

By RICHARD EHRLMAN
NOVARA, Italy (P)—Moved by the oratorical fireworks of a defense attorney, Italian spectators clamored and shouted Friday for liberation of three Italians, accused in the wartime murder of U.S. Maj. William Holohan, secret agent.

Mario dal Fiume, one of nine defense attorneys now making their final arguments in the case, described the 1944 behind-enemy-lines murder as "an American crime committed by Americans."

"Why," he asked dramatically, with outflung arms, "should we prosecute three Italians?"

The tightly packed little courtroom broke into wild clamor. The standing spectators stamped their feet and shouted: "He is right. Let the Italians free."

The Italian defendants—for whom prosecutor Alessandro Castalegna two days ago demanded jail sentences of 24 and 22 years—stood up in their courtroom cage.

Adjourns Court.
Dal Fiume described the Holohan murder as "simply grotesque," and said it was not "a political crime, but a common one."

The prosecution has demanded life imprisonment for the two former U.S. Army men being tried in absentia—Aldo Icardi of Pittsburgh and Carlo Dolce of Rochester, N.Y. Even if convicted and sentenced, however, Italy has no means of enforcing the penalty. U.S. courts have refused to extradite them.

Called "Vulgar Thief"
"Icardi," said Dal Fiume today, "was not a patriot who wanted to serve his country, but a vulgar thief who wanted to take the mission's funds."

Scarcastically, he added: "While America has not helped us to hear the case, it has given us a great demonstration of civilization and freedom in not prosecuting the murders before their laws."

Icardi planned the crime and convinced Lo Dolce and the Italians to help him. Lo Dolce could have refused. The Italians couldn't. They would have been killed if they did not obey."

The spectators stirred, then some shouted: "He is right. Only Icardi is the criminal."

Dillsburg

DILLSBURG—The fourth annual Halloween parade was held at Wellsville Friday evening under the auspices of the American Legion Post of that place. Cash prizes totalling \$285 were awarded to winners in the 18 parade divisions. Judges were Earl Sollenberger, district Legion commander, and his aides.

The Bairs Station Band and an American Legion drum and bugle corps assisted with music. Parade marshals were: John W. Myers, Spurgeon Crone, Carl Rauhauser, Sylvester Crone, Ernest Stauffer, Thomas Cutlip, William Stoll, Harry Rider and James Hoff.

The committee on prizes consisted of: Dr. Henry B. Hoff and Paul Schubauer. General committeemen were: L. G. Stough, S. R. Crone, John U. March, with the Arrangements Committee made up of W. J. Weaver, Clarence Walker, C. L. Groce, Richard Long and S. O. Crone.

Patrol marshals were Paul Schubauer, E. P. Stauffer and R. Livingston. Constable George Kimmel had charge of traffic and parking direction.

Revival services have been in progress each evening at the Victory Full Gospel Church, near Wellsville, with Evangelist George Baber, a Virginian, as speaker. Spe-

SENATE FINDS COMMUNISTS LOST HEAVILY IN W. EUROPE

WASHINGTON (P)—The Communists have "lost heavily" in membership and trade union support in Western Europe during recent years, a Senate foreign relations subcommittee said in a report published Friday.

The 60-page study surveys the strength, tactics and objectives of the Communist movement throughout the world, country by country and region by region.

While the report said Red strength in Western Europe reached a peak prior to 1947 and since has declined, it expressed no complacency about the Red menace there or elsewhere in the world.

Robert Austin Cook, Wellsville R. 1, and Miss Edna May Livingston, of the Dover area, applied at York for a marriage license early this week.

A daughter was born early this week to Mr. and Mrs. George McCoy, Wellsville R. 1, at the York Hospital.

The Rev. Percy D. Brown, pastor of Red Mount Evangelical United Brethren Church, has announced that there will be no worship service Sunday, November 1, although there is Sunday School at the usual hour of 9:30 a.m.

The Women's Work organization, Bermudian Church of the Brethren, is scheduled to meet Tuesday evening, November 3, at 7:30 at the East Berlin home of Mrs. Robert Sealover.

Mrs. Maurice Gochenour, near Bermudian, with her son and daughter-in-law, Mr. and Mrs. John L. Livingston, Dillsburg, and Mrs. Gochenour's brother, John Wiley, Philadelphia, have returned after a 16-day motor trip to Arizona where they visited another of Mrs. Gochenour's sons, Arthur Livingston, and family, at Tempe. They visited Indian settlements and reservations in New Mexico and the Southwest. While in Arizona, they attended the charity benefit festivities where Arthur Livingston was crowned "Male Beauty Contest" winner.

IKE'S ROLE IN 1954 CAMPAIGN IS NOT CERTAIN

By JAMES MARLOW
WASHINGTON (P)—After two news conferences in which reporters tried to pin him down, President Eisenhower's role in the 1954 congressional elections is still vague. He has made it vague.

He has indicated he doesn't want to be very active in the campaign. But he has left the door open in case he decides he must take a bigger part in the elections than he now seems to think necessary.

Before election day in November 1954—because of necessity and Republican pressure—he may have

to about 200,000. The party is now "officially suppressed" in 12 of the 20 Latin American countries and "in none is it an important electoral factor."

Middle East and North Africa—Except potentially in Iran, the Communist parties here "still lack the strength to alter the structure of society by revolutionary action."

Dare Not Underestimate
On the contrary, Sen. Wiley (R-Wis.) said in an introduction that "perhaps the most basic impression which will arise from this study is the very rapid growth of the Communist movement."

In less than four decades since the Bolshevik Revolution in Russia, he observed, the Communists have grown in strength until they now control governments of one third of the population and one fourth of the area of the world.

To underestimate the Communist strength "could prove to be suicidal blindness," especially in view of the Soviet military potential, he said.

3,000,000 Members
In the 16 countries of Western Europe, the report said, the Communist parties have an estimated three million members and in national elections poll about 13 million votes.

Observations in the report about other areas of the world included: Asia—"In general, the strength, determination, and stability of Asia has significantly reduced the strength of indigenous Communists. However, international developments could at any time reverse a favorable trend."

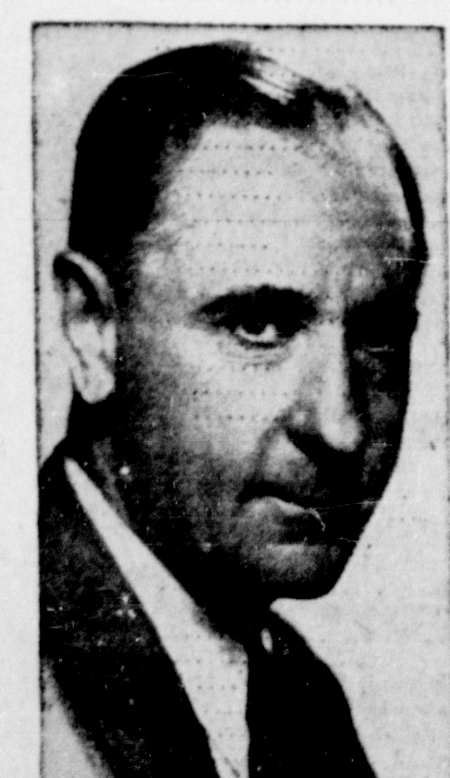

Latin America—Communist party membership has fallen from some 330,000 in the 1944-47 period

ADAMS COUNTY REPUBLICAN COMMITTEE

to jump in, hip-deep. There's a lot at stake for him, his administration and the Republican party.

Seek Control of Congress
Control of Congress depends on the outcome. If the Democrats win, Eisenhower will have to deal with them, and depend on them for support of his program in the two remaining years of his term.

He has a record of showing distaste for the rough and tumble of politics—until he's pushed. Then he can dig in with energy. He demonstrated that in the presidential race.

His early speeches in the 1952 campaign were less than blood-thirsting. This so alarmed his supporters that some told him bluntly he was running like a dry creek.

Slam-Bang Campaign
After that, he made a slam-bang campaign. Judging from what he has said at his news conferences, he seems to think he can sit out most of next year's campaign quietly in the White House.

But if the Republican leaders push or persuade him into more activity, he may not find the going as mild as he did in 1952. Then he was a war hero, and the Democrats treated him gently.

They have mostly continued to treat him gently. If he gets too antagonistic toward them in 1954, he may find himself pelted like any other politician.

SUSPECTED RED WON'T ANSWER ESPIONAGE QUIZ

NEW YORK (P)—A former United Nations employee has refused to say whether he introduced an American to a Russian official for purposes of espionage.

Alexander Svehchansky, 44, of Jamaica, Queens, was dismissed as a U. N. radio announcer broadcasting to the Soviet Union after refusing last year to say whether he ever had been a Communist party member.

Thursday, Svehchansky was questioned by the Senate Internal Security subcommittee headed by Sen. William E. Jenner (R-Ind.).

The witness was asked whether he had introduced Abraham Brothman, a Queens chemical engineer, to an official of the Amtorg Trading Corp., a defunct Soviet organization, for espionage purposes.

Refuses To Answer
Svehchansky refused to answer on grounds of possible self-incrimination.

Brothman was convicted in 1950 of conspiracy in the case of Harry Gold, a Philadelphia biochemist

and confessed atomic spy. Gold is serving a 30-year prison term as a coconspirator of Julius Rosenberg, executed with his wife, Ethel, for handing over atomic secrets to Russia.

After Svehchansky lost his job, a U. N. administrative tribunal set aside his dismissal and awarded him \$20,000 in lieu of reinstatement.

Svehchansky testified Thursday he was not a Communist during his U. S. Army service in World War II, but he declined to say whether he had been a party member before or after.

Another witness, Leon Elveson, testified he is not now a Communist but declined to say whether he ever had belonged to the party.

Elveson also was dismissed by the U. N. last year for remaining silent on Communist party membership. He was a clerk in the U. N. Security Council Library. A U. N. tribunal set aside his dismissal and awarded him \$7,900 in lieu of reinstatement.

The subcommittee, probing Soviet espionage with special attention to Red sympathies among American employees of the U. N., adjourned indefinitely at the end of yesterday's public hearing.

HOLLYWOOD (P)—Glamorous Ava Gardner says "it's final this time" and she'll sue crooner Frank Sinatra for divorce.

Air Force Claims Level Flight Mark

LOS ANGELES (P)—The Air Force claimed Friday to have wrested back from the Navy the world speed record for level flight. Col. F. K. (Pete) Everest, 33, of Edwards Air Force Base, flew a North American Super Sabre 754.98 m.p.h. Thursday over a 15-kilometer (about 9 miles) course along the Salton Sea. His top speed with a tail wind was 767.276 m.p.h. and he bucked the wind coming back at 742.684 m.p.h.

Fastest previous time was 733.4 m.p.h. by Navy Lt. Cmdr. James Verdin of Patuxent, Md., earlier this month in an F4D skyray over a three kilometer course.

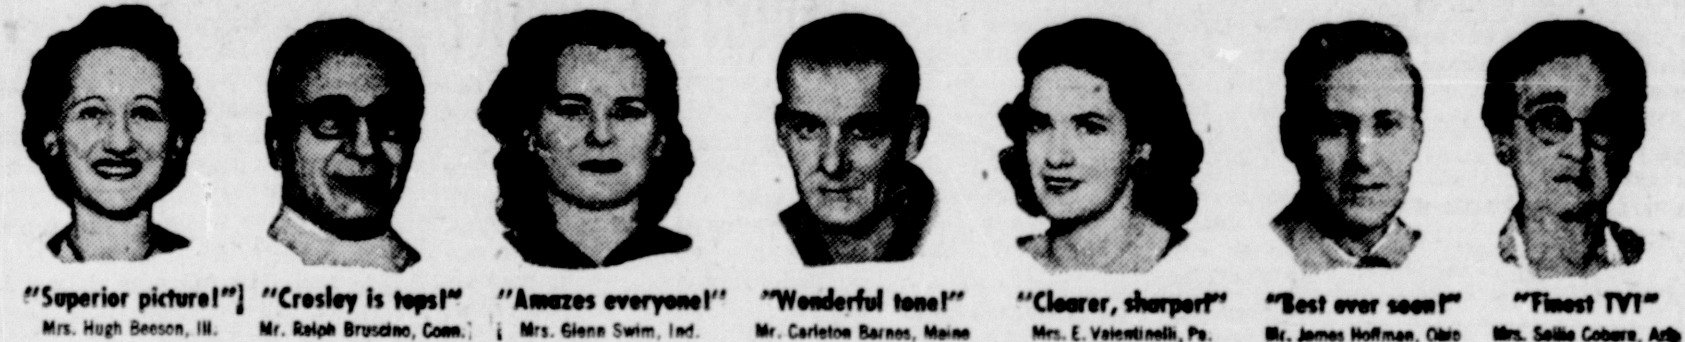

"There's no chance of reconciliation," the shapely star said on Thursday.

The reason? Frankie said there was career trouble but Ava denied this and wouldn't say what caused the split. There's no third party involved, however, she declared.

GRANT PAY BOOST
Union Atty. Samuel J. Cohen said the 200 companies involved granted a package increase of about \$8.50 a week.

The agreement announcement came after about 20 New Jersey milk dealers assembled here on receiving word from the union that contracts were about to be signed. They waited through the night while the regular union and company negotiating teams were at City Hall, where the settlement was announced.

Mayor Vincent R. Impellitteri got the regular negotiators together at City Hall late yesterday after threatening to lock them in until the walkout is settled. He did not carry out the threat, however, although a police guard had instructions to keep newsmen away from the negotiators.

Impellitteri remained at City Hall until midnight, saying only that he was "hopeful."

Five hours later the negotiators were still in session at City Hall, and the 20 New Jersey dealers at the Commodore were being told that "small item" still was holding up an agreement for all.

The New Jersey dealers declined to identify themselves.

BETHLEHEM IS SETTING MARKS FOR EARNINGS

NEW YORK (AP)—Bethlehem Steel Corp., the nation's No. 2 steel producer, is rushing into 1953's final quarter at 104 per cent of its rated production capacity and with a fat earnings record of \$9.25 a share behind it for the past nine months.

"We see no reason why operations should change to any extent, certainly for the balance of this year," said board chairman Eugene G. Grace following Thursday's third quarter directors' meeting.

Grace said a nationwide check of Bethlehem's sales forces found them optimistic.

"We expect good business throughout next year," he said.

The nine months earnings of \$93,525,340 smashed the previous nine months record of \$90,800,000, equal to \$8.96 a share, set in 1950, Grace said.

Set Another Record

He added that the third quarter earnings set another record, totaling \$34,030,204, or \$3.38 a share, breaking the 1950 third quarter high mark of \$33,562,841, or \$3.33 a share.

Grace told newsmen that another nine months record was set by the production of 13,376,000 of steel ingots and casting, surpassing 1951's nine months high of 12,213,000 tons.

Other records were set by the 240,000 with employees earning average hourly wages of \$2.429; by the nine months shipments of 9,697,000 tons; and the nine months billings of \$1,569,867,612.

The records were set despite the two-week wildcat strike at Bethlehem's Lackawanna plant in Buffalo, N. Y., which normally produces 4 per cent of the nation's steel.

This caused a loss of 230,000 tons of steel production in September, Grace said, and partly accounted for the third quarter drop in production to 4,279,328 tons compared with the second quarter total of 4,600,089 tons.

"Skoshi"

(Continued from Page 1)

Communist guerrillas during a street-fighting episode in Seoul in the early years of the war.

Excerpts from the letter follow:

"Skoshi received his package today and was thrilled beyond words. It was the first package he had ever gotten and he was so excited that he could hardly open it.

"His first exclamation was in Korean as is his custom when he gets excited.

"Only yesterday he returned from Taeju where he went to visit his mother for one of the major Korean holidays. While he was home, his mother convinced him that he should go to high school in Chunchon. So we (American soldiers for whom Skoshi keeps house at the GI compound in Chunchon) have agreed to give him all the help he will need to complete his education.

"Lee continually talks of his ambition to someday visit the land of his 'tooson' (great) friend in Gettysburg, a town which he is convinced must be even more beautiful than his native capital of Seoul.

"I will close by saying again for Lee 'thank you for the package.'"

DEMOCRATIC CHAIRMAN HITS GOP ON COURTS

HARRISBURG (AP)—Maurice Splain Jr., Democratic state chairman, has charged Republican candidates for the State Superior Court with "openly campaigning with the plea that the court be kept under the political control of the Republican party."

"When the people stop to consider the Superior Court is the court of last resort in many appeals from decisions, they will be shocked to realize it is considered a subject for 'political control,'" Splain said in a statement.

Republican candidates for Superior Court in the election next Tuesday are Judges J. Colvin Wright, Bedford County and Harold L. Ervin, Delaware County. Opposing Democratic candidates are Judge W. C. Sheely, Adams County, and John Inghram Hook, Greene County.

"Paramount Issue"

Splain said the "paramount issue" in the contest is "whether this court, which more vitally and intimately affects the daily lives of every citizen of the state than any other court, should remain under political control."

Meanwhile, Democratic floor leaders in the Senate and House joined in a plea for a "yes" vote on whether Pennsylvania should call a convention to revise the commonwealth's 79-year-old constitution.

Sen. John H. Dent (D-Westmoreland) and Rep. H. G. Andrews (R-Cambria) cited what they termed the needs for constitutional revision in statements issued here.

"A constitutional convention among other things, can provide a shortcut for the adoption of money-saving features of the Chesterman Committee report and give the people the benefit of these savings now, and not in the dim future," Dent said.

Andrews said such a convention would "comprise a part of an educational program—a program which would help many of us crystallize our thinking concerning the problems which the constitution drafted so many years ago now presents."

SEEK SHORTER WEEK

ALTOONA, Pa. (AP)—The state board of the AFL Bakery Workers Union is on record today as seeking a 35-hour week at no reduction in pay. The board, in a resolution, also called for eventual elimination of Sunday and night work.

In an address before delegates representing 23,000 unionists in 36 Pennsylvania cities, Daniel Conn of Chicago, the union's director of organization, urged locals yesterday to conduct membership campaigns in their own communities.

ADVERTISE IN THE TIMES

FAVOR PRIVATE ATOMIC PLANTS

NEW YORK (AP)—Rep. Sterling Cole (R-NY) says private development of peacetime atomic power should supplement the proposed government - financed industrial nuclear power project.

Cole, chairman of the Joint Congressional Committee on Atomic Energy, Thursday told a dinner meeting of the National Industrial Conference Board that he favors the Atomic Energy Commission's undertaking to build an atomic power plant for peacetime use, but added:

"This is not enough—civilian atomic power plants by private enterprise should by no means be ruled out of consideration."

Cole said he plans to introduce legislation to help such a private development program. He did not give details.

He also suggested that private enterprise in the United States might efficiently produce a mobile atomic power plant to be used in disaster areas where ordinary power has been cut off.

The world has about 97 cities with more than half a million inhabitants.
